

COMPANY SHUTDOWN COVID-19

Provaglio d'Iseo 22/03/2020

To our Customers

On March 22, the Italian Government issued a Prime Ministerial Decree (DPCM of 22/03/2020) ordering the closure of all non-essential and non-priority production activities for the National economy. We therefore inform you that our company (Ateco code 28.12) is not included in the list of production activities believed essential.

We therefore confirm the company shutdown until April 3, 2020, unless further notice.

Reiterating the priority of workers' health and safety, we also hereby inform you that a corporate anti-contagion safety protocol was prepared on 20 March to battle and contain the spread of the virus in the workplace, which will be fully implemented at the reopening.

Finally, we wish to confirm our continuous and constant commitment to support our customers in all circumstances.

At this purpose, for any communication and emergencies your usual business contact will be happy to support you.

Best regards
